

Address mini led string light

● Quick Details

Part NO	SJ-WS2811-RGB3535F
Lighting Source	SMD 3535 RGB LED
LED Quantity	20 LEDs per meter
Operate Voltage	DC5V
Consumption Watt/M	4.8 Watt (max) per meter
Pixel Pitch (mm)	P50mm
Pixels /M	20 Pixels/m
IC chip	WS2811
Wire Color	Sliver
String Length	1000mm
Waterproof Grade	IP65

● Product Description

SMD3535 RGB LED chip with Micro IC built in;

DC5V,20leds per string, 1m per string;

Cable length between each pixel is 35mm;

Full color individually addressable pixel control ;

3Pin white JST SM female /male connector on both end;

Waterproof can be used outdoor or indoor ;
